- ※ Take care not to power off during SW update
- ※ Do format USB memory before update (FAT32 file system)

SJ2 / SJ3 / SK1D / SK4D SW Update Guide - Update

LG Internal Use Only

Step 1. Prepare SJ2/SJ3/SK1D/SK4D Update SW. (Please check the downloaded "filename" like below by each model)

Update module	File name of each model
DSP	SJ2 : DSP_SJ2_1812070_MP_rev1608.ROM SJ3 : DSP_SJ3_1812070_MP_rev3175.ROM SK1D : DSP_SK1D_1812070_MP_rev1609.ROM SK4D : DSP_SK1D_1812070_MP_rev1609.ROM

Step 2. Copy SW file in the USB memory. (Do format USB as FAT32 file system before you copy)

Step 3. Power on SJ2 / SJ3 / SK1D / SK4D Main Unit.

Step 4. Press Function key to change function to USB

*** Please check if it was changed to USB Function or not**

Step 5. Insert USB memory stick which has update software to the USB port at back of SJ2 / SJ3 / SK1D / SK4D sound-bar (main unit)

Step 6. Update will start automatically.

*** Check whether function LED blinks one by one to the right direction**

Step 7. SJ2 / SJ3 / SK1D / SK4D main unit will be powered off automatically after update finish.
